

VIRTUAL CISO SERVICES

BENEFIT FROM TOP-TIER SECURITY EXPERTISE

Many organizations need security leadership but are unable to justify the expense of a full-time Chief Information Security Officer [CISO]. Whether you are looking for an interim CISO or a longer-term arrangement, CBI's Virtual CISO [vCISO] Services provide the guidance you need, when you need it.

OUR APPROACH

CBI, A Converge Company makes top-tier experts available to your organization at a fraction of the cost. Our team has decades of experience building actionable cybersecurity roadmaps that align with business objectives and drive measurable improvements to security posture over time. From minimal part-time to complex initiatives, we're committed to helping you ensure the protection and growth of your business.

Our advisory vCISO Services are tailored to your industry, environment, and engagement goals.

CBI Methodology

CBI's process is based on over 30 years of proven approaches and solutions. We listen first, bring our decades of experience to your challenges, and ensure the solutions we deliver will work for your current and future needs. No matter where you are in your cybersecurity journey, you can feel confident knowing you have highly trained experts on your side to help engage with intelligence and mature your program over time.

CBI, A Converge Company is a leading cybersecurity advisor to many of the world's top-tier organizations. Founded in 1991, CBI provides innovative, flexible and customizable solutions to help ensure data is secure, compliant and available. We engage in an advisory-led approach to safeguard our clients against the ever-changing threat landscape — giving them comprehensive visibility into their entire security program and helping them avoid cyber challenges before they can impact their data, business and brand. We are dedicated to the relentless pursuit of mitigating risks and elevating corporate security for a multitude of industries and companies of all sizes.
